

Material Safety Data Sheet

1. Product and Company Identification

Trade Name: Met Bar Pad
Use of Material: Cushion for footwear
Distributor: Acor Orthopaedic, Inc.
18530 South Miles Parkway
Cleveland OH 44128
(216) 662-4500

2. Composition/Information on Ingredients

Ingredients: Polyurethane plastic
Supported acrylic/acrylic laminating adhesive
4 mil white HDPE coated liner

This item is considered an article as defined by 29 CFR 1910.1200, and is exempt from the Hazard Communication Standard. Since this material does not release and will not result in exposure to a hazardous chemical under normal conditions of use, no Material Data Sheet is required. This form is provided as a convenience to our customers.

3. Hazards Identification

Effects of overexposure: None are expected under normal use
Inhalation: Not expected to be an inhalation hazard
Eye Contact: Mechanical injury possible if adhesive tape comes in contact with the eyes.
Skin Contact: Prolonged or repeated contact of adhesive may cause irritation of contact area
Chronic: None known

4. First aid measures

Inhalation:	None required
Eye contact:	Mechanical injury possible if adhesive backing comes in contact with the eyes. Seek medical attention.
Skin contact:	Wash with soap and water and obtain medical attention if symptoms persist.
Ingestion:	Ingestion unlikely. However, if ingested, obtain emergency medical attention.

5. Fire-Fighting measures

Flash point:	Not applicable
Auto ignition:	Not applicable
UFL:	Not applicable
LEL:	Not applicable
Extinguishing media:	Water Spray, Foam, CO ₂ , Dry Chemical
Fire fighting proc.:	Material decomposition in a fire may produce toxic fumes. Firefighters should be equipped with self-contained breathing apparatus (NIOSH/MSHA approved) and turnout gear.

6. Accidental Release Measures

Personal Precautions:	None needed
Environmental Precautions:	None needed
Cleaning Methods:	Sweep or shovel into appropriate container for disposal. Adhesive can be removed using soap and water.

7. Handling and Storage

Handling:	No special handling requirements
Storage:	No special storage requirements. Keep away from open flame, electrical or mechanical sparks, electric heaters, high powered lights, flame sources and flammable liquids.

8. Engineering controls/personal protective equipment

PPE required: Wear safety glasses during cutting operations.

9. Physical and Chemical Properties

Physical State: Semi-rigid cellular polyurethane
Odor: Slight
Specific Gravity: .2-.5
Water Solubility: NA
Flammability: NA
Oxidizing Properties: NA

10. Stability and Reactivity

Stability: Stable under normal conditions
Conditions to avoid: NA
Materials to avoid: NA
Hazardous Decomposition: Decomposition in fire may product toxic fumes consisting of CO/CO₂, oxides of nitrogen, HCN, and other toxic materials

11. Toxicological Information

Toxicity: Inhalation of dust is to be avoided, as it is a mechanical irritant.
Eye Irritant: Dust exposure may create a mechanical irritant.

12. Ecological Information

No data available

13. Disposal Considerations

Waste disposal: Dispose of in accordance with federal, state, and local regulations.

14. Transport information

Not regulated

15. Regulatory Information

Regulatory information is not available.

16. Other information

The information in this MSDS was obtained from sources which we believe are reliable but is provided without any warranty regarding its correctness. The conditions or methods of handling, storage, use or disposal of the material are beyond the knowledge and control of Acor Orthopaedic, Inc..

For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use, or disposal of the material described in this document.
